# SALVAGE WORK ON SUBMARINE RESUMED TODAY

After four days of insiduous work, where operations were confined to overhauling gear and fitting new material, salvage work on the sunken submarine F-4 was resumed this morning. Weather conditions are again ideal for the work, and it is believed that new and stronger lines will be secured to the vessel, by which it will be possible to gradually draw it upward and shoreward.

This morning the tug Navajo took the dredge Gaylord to the scene of operations, where it was again anchored above the spot where the F-4 lies. The Navajo then commenced dragging with the heavy wire and chain cables that have been prepared during the last few days. The all-wire cables used at first chafed through, one after the other, and it has been found necessary to insert 90 feet of heavy chain into each cable, so that chain and not wire will pass under the submarine. There is little or no chance of these new lines giving way under any strain that the hoisting gear can carry.

According to what luck is met with, the lines should be in position in one to two days. When the ends have been carried to the lifting scows and everything made secure, the divers will be sent down to make a report on the holds secured, and to estimate the chances of getting a salvage hose to the F-4, by which some of the water can be forced out and a little buoyancy restored. A compressor has been installed aboard the dredge, which is capable of blowing out a portion of the boat, if the hull is not too badly damaged.

## POLICE TO TAKE SPECIAL CARE WHILE PARTY HERE

"As soon as the program is made public we will act accordingly," said Captain of Detectives McDuffie today in reply to a question regarding detective service for the Congressional party.

Captain McDuffie says that the department plans to have secret service men at all the functions to be given in honor of the visitors. Members of the department probably will accompany the congressmen in their trips about this island as well as the trip to the other islands. At any rate, certain members of the force will be on the job at all times, in spite of the fact that nothing of an unfortunate nature is expected during the stay of the visitors.

## CHINA STRIKES MORE DEMANDS; PEOPLE OF JAPAN NOW INDIGNANT

(Special to Hawaii Shinto.)  
TOKIO, Japan, May 2.—The Chinese government has rejected Group 2 and the Mongolian matter from the table of demands recently handed the republic by Japan, according to news received here from Peking today.

The indignation of the Japanese people over this action has reached nearly to the boiling point, and indications are that the people will demand that the Japanese government take some final measure which will either settle the difficulties or result in an ultimatum.

## PROGRAM FOR LAST SUPPER OF SEASON

The Y. M. C. A. boys are arranging for a big program tonight in connection with the last supper of the season. Music, talks, stunts, baseball and ice cream are the features of the evening's program.

Comic musical numbers will be rendered by the club leaders. Paul Super will describe a love scene on the piano. E. Jackson will sing "Zee Zee Zee Zee." R. E. Lambert will dance a Latin jig. A. E. Leisner will play the piano with the help of Ben Hosen, and Jay Urice has something unannounced.

Following the fun will be a talk by J. W. Wadman on the subject "King Alcohol." After the program in Cooke hall the boys will adjourn to the gym for athletic sports. The supper starts at 6 o'clock and costs a dime.

Circuit Judge William L. Whitney has granted a divorce to Caroline Burroughs from Herbert Stanley Burroughs, the grounds being non-support.

The case of Freeman Sylvester and Rose Sylvester, charged with conspiracy, is scheduled to go to trial in federal court Wednesday morning at 10 o'clock.

Chow Ma Nin, a Chinese who was stabbed in a fight which is said to have taken place at Mokuia, April 26, died at the Queen's hospital last night. He was taken to the hospital April 27.

## GERMAN OFFICIAL CABLEGRAMS

The following cablegram from official German sources was received today:  
"WASHINGTON, D. C., May 3.—Headquarters report, May 2:  
"In Flanders enemy after strong preparation by artillery attempted assault on new German position northeast Ypres. French attacked vigorously between Canal and road to Ypres, Saint Julien. English weakly more westward. Enemy's efforts absolutely unsuccessful, especially in consequence of German flanking and reverse fire. From direction Broodseinde, Veldhoek, Argonne, German attacks north of Lefourde Paris made good progress. French despite desperate resistance lost several trenches.  
"Fifty-six prisoners between Meuse and Moselle. In Priest wood only sharp fighting. French here attacked in force, reached even German trenches. Were, however, repulsed with heavy losses. Lost 90 prisoners yesterday. Two enemy aeroplanes shot down near Rheims, Verdun.  
"German operations in northwest Russia made good progress. Gear Szwale four hundred prisoners. German vanguard in pursuit fleeing Russians. Southwest of Mitau Russian attacks near Kalvarya repulsed with heavy losses for enemy three hundred prisoners taken."

## THEATERS

Five mammoth reels of heart-rending scenes in and around the titanic death struggle that now grips bleeding Europe will be the special added attraction at Ye Liberty theater for the week commencing tonight. The regular weekly features and additional films will be shown as usual, with a change of program Thursday night and matinees Wednesday and Saturday, but this Hearst-Selig masterpiece, "The History of the World's Greatest War," will be shown at each performance throughout the week.

For those who will not have an opportunity of going to the Panama-Pacific Exposition, the management of the Popular theater has arranged to bring the exposition to Honolulu. This may seem a little out of the ordinary, but it is, nevertheless, a fact. The motion pictures of the exposition, which will be seen at the Popular on Wednesday and Thursday of the present week are so realistic that one can almost hear the "barkers" along the famous Joy Zone.

Another excellent crowd of music lovers were well repaid for the money and time spent at the Bijou theater last Saturday night when the Bevan Grand Opera Company repeated that popular old opera "Faust." All of the artists were up to the good record that has been set by this sterling organization and to single out any particular one for praise would be an injustice to the balance of the cast. Each member of the company was perfect, while the orchestration proved a revelation to many who had not taken advantage of the Bijou's feast of music since the opening nights.

A pleasing departure has been inaugurated by the Consolidated Amusement Company in the arrangement of the daily program at the Empire theater. This home of good pictures will in future feature from four to six new "releases" each day.

## SUPERVISOR QUINN NO BETTER TODAY, REPORT

"May live until the end of the month or may go suddenly," was the report given out at the Pacific Sanitarium this morning regarding the condition of Supervisor James Quinn. While Mr. Quinn's physical condition continues to be fairly good, allowing him to eat and to walk about occasionally, he is said to be slightly out of his mind at times. The general report of his condition is that he is no better.

## CAPT. BERGER IMPROVES DAILY IN HEALTH; MAY LEAVE HOSPITAL SOON

Capt. Henri Berger, veteran leader of the Hawaiian Band, who has been ill since the junket of the legislators to Molokai, is daily improving in health and probably will be removed to his home at an early date, according to a report from Queen's hospital today.

# TENYO BROUGHT SHIPWRECKED PASSENGERS

The remainder of shipwrecked passengers in the Great Northern liner Minnesota reached Honolulu in the Toyo Kisen Kaisha steamer Tenyo Maru today.

The vessel was well down in the water with the heaviest cargo carried, in many months. A portion of the freight destined for the east coast of the mainland was transferred from the Minnesota.

The Tenyo Maru landed 14 cabin, one second-class and 146 Asiatic steerage passengers.  
Proceeding through to San Francisco at 9 o'clock tomorrow morning are 255 cabin, 36 second-class and 196 steerage travelers.

U. S. A. T. SHERIDAN, 8 p. m., May 2, 600 miles off port; will arrive about Wednesday.

## QUIET DAY REPORTED IN POLICE CIRCLES

Thomas Hicks, charged with assault, and Adam Ahia, charged with having threatened to kill, were the only arrests made this morning by the police department. Due to the coming of the congressmen, perhaps, the police court frequenters have ceased their revels to size the visitors up with the rest of Honolulu.

That the recent rains on Kauai will cause the sugar plantations to realize their original estimates, with McBrayne approaching close to 16,000 tons, is the news which L. D. Timmons, editor of the Garden Island, brings to Honolulu. There were heavy rains between Hanalei and Makaweli Thursday night. Kilauea, Kealia, Hanamaulu and Lihue plantations also were favored.

# "Good Evening, Samoa!"

It will be a nightly service and the rate will be 15c the word—with a \$1.50 minimum.

Although the service is direct to Pago Pago, messages will be delivered to any point on the Island of Tutuila.

It is expected that wireless service will be extended to Fiji, New Zealand and Australia in the near future.

Honolulu can say that now, as the MUTUAL wireless has made arrangements with the Navy Department for wirelessing COMMERCIAL and OTHER Messages between the two groups of Islands.
